SATURDAY 7TH DECEMBER 2013

Maddie, Zenan, Liu and Sunny all performed exceptionally and were well received by the enthusiastic audience.

The new guitar students, Martin and Carson displayed their newly acquired musical skills in their debut concert performance. Friends of the academy also performed increasing the musical richness of the afternoon. David performed Chopin sublimely on the piano, Sunny captivated the audience with her Chinese zither (pictured) and Rob accompanied Byron for a jazz blues to finish the afternoon. All performers are commended for their effort, energy and accomplishment.

Congratulations to students who received their AMEB certificates achieving outstanding results for the recent piano exams.

The performances were also an excellent opportunity to display some of the new courses/classes being offered by the Academy. The highly energetic hip hop routine, by Zak and his student Liu, showcased the new group dance program, offered alongside other exciting dance styles. Guitar lessons are also a new addition to the school's curriculum, both classical and electric styles are being offered for private or group lessons.

The school appreciates the support of all parents, students, teachers, friends and family who attended the end of year concert series.
